

# Easy Does It

Eartha Kitt

Easy does it  
When you take me in your arms tonight  
Squeeze me easy  
Hold me honey oh but not so tight

Yes I'm sentimental  
Need that velvet touch  
Love me oh so gentle  
And I'll love you so much

Easy does it  
In the fire to a steady glow  
Easy does it  
I don't wanna see this moment go

I'm in heaven, it's sublime  
Please make it last a long, long time  
Easy does it  
Darling take it slow

I'm in heaven, it's sublime  
Please make it last a long, long time  
Easy does it  
Darling take it slow
