

Easy Does It

Eartha Kitt

Easy does it
When you take me in your arms tonight
Squeeze me easy
Hold me honey oh but not so tight

Yes I'm sentimental
Need that velvet touch
Love me oh so gentle
And I'll love you so much

Easy does it
In the fire to a steady glow
Easy does it
I don't wanna see this moment go

I'm in heaven, it's sublime
Please make it last a long, long time
Easy does it
Darling take it slow

I'm in heaven, it's sublime
Please make it last a long, long time
Easy does it
Darling take it slow
