

Gold

East 17

Gold (6x)

Livin on this planet together for so long
One step closer could never be wrong
But, only for the better and no never for the worse
Placed here with the lords care to share this earth
Stop biting and fightin
Were just denying ourselves
Life and love is one
The deeper you delve
Stop killing and selling buying and thinkin of gold
Forget the body and remember the soul

Life is worth more than gold
A soul should never be sold
A lie should never be told
Life is worth more than gold

Gold we don't need it do we
Gold we don't need it do we
Gold we don't need it gold
Gold we don't need it do we
Gold we don't need it do we
Gold we don't need it gold

More than gold, it's plain to see
Jesus weren't sent to set a precious stone tree
But the heart the part, livin inside us all
A spiritual entity, the silent call
The flower with a power
To live in 2 worlds
The innocence asleep inside the boy and the girl
We had to say it
They must be told
Life is worth much more than gold

Life is worth more than gold
A soul should never be sold
A lie should never be told
Life is worth more than gold

Gold we don't need it do we
Gold we don't need it do we
Gold we don't need it gold
Gold we don't need it do we
Gold we don't need it do we
Gold we don't need it gold

Dream, I dream (I dream...)
I dream, the rain will cease
I dream, the clouds will pass
I dream, the pain will ease
I dream, that my dream comes fast

I dream, the shadows have light
I dream, for peace tonight
I dream, of an end to war

Have you dreamed this dream before

Life is worth more than gold
A soul should never be sold
A lie should never be told
Life is worth more than gold

Gold we don't need it do we
Gold we don't need it do we
Gold we don't need it gold
Gold we don't need it do we
Gold we don't need it do we
Gold we don't need it gold

Gold, I dream, I dream (2x)
We don't need it do we, gold
We don't need it gold

Gold we don't need it do we
Gold we don't need it do we
Gold we don't need it gold
Gold we don't need it do we
Gold we don't need it do we
Gold we don't need it gold
