

# Hey Child

East 17

Hey child  
Wash away your tears  
Hang on till tomorrow comes  
Cos it will soon be here  
Hey child  
Don't give up today  
Gotta be some good times baby  
Not so far away

Child  
Love don't come easily  
And child  
Don't be afraid 2 feel  
Cos the times gonna come  
When you're gonna go  
And my only advice is is 2 live life your own way  
I'm here 4 U  
Till my dying day

Chorus

Child don't be a fool 4 love  
Cos child  
It will come soon enough  
Like a mind needs a dream  
And a song needs a theme  
Every heart needs a home 2 express just how it feels  
I'm there 4 U  
Till my dying day

Come on  
Hey child sweet child of mine  
Yes I do hey  
Sing it 2 me baby  
Hey child sweet child of mine
