

Right Here With You

East 17

Oh girl
You mean the world to me
And, oh, girl
I need you so desperately

You are my sunshine
You shield the rain
You make me happy
I can't explain

Right here with you
Is where I wanna be
Oh, yeh yeh
Right here with you
That's where I need to be
Oh yeh

Beautiful girl
Don't make me cry again
Beautiful girl
Wanna be more than just your friend

You are my sunshine...

Right here with you...
