

## Right Here With You

East 17

Oh girl  
You mean the world to me  
And, oh, girl  
I need you so desperately

You are my sunshine  
You shield the rain  
You make me happy  
I can't explain

Right here with you  
Is where I wanna be  
Oh, yeh yeh  
Right here with you  
That's where I need to be  
Oh yeh

Beautiful girl  
Don't make me cry again  
Beautiful girl  
Wanna be more than just your friend

You are my sunshine...

Right here with you...
