

I Think Of You

Easton Corbin

Every mountain that I climb, every river that I cross, I think of you
When I'm on top of the world or on some lonely road, I think of you
Doesn't matter where I go or what I do, I think of you

Every single time, you're always on my mind, I think of you
I think of you and it all comes rushing back
All the good times that we've had, I think of you
I know you're better off where you're at
And there's nothing I can do to change all that

When I wake up in the morning and before I fall asleep, I think of you
When I hear that song, oh I can't help but smile and think of you
Wonder if it makes you think about me too

I think of you
Every single time, you're always on my mind, I think of you
I think of you and it all comes rushing back
All the good times that we've had, I think of you
I know you're better off where you're at
And there's nothing I can do to change all that
Still I think of you

And all the whole different world might have been
What I wouldn't give if I could do it all again

I think of you
