

Tulsa, Texas

Easton Corbin

You know I'll always be your cowboy, but I can't be nobody's fool
So while you're puttin' on your makeup, I'll be puttin' on my boots
And I'm gonna saddle up my Chevy, ride off into the settin' sun
And at night while you're not sleepin', you're gonna wonder where I've gone

I'll be down in Tulsa, Texas, Tallahassee, Tennessee
Memphis, Mississippi, it's probably where I'm gonna be
Albuquerque, Alabama, St. Lou, Louisiana
If you wanna find me, you can find me in Tulsa, Texas

I've spent a lot of long and lonely nights, waitin' for you from the front porch steps
So, goodbye my pretty blue eyes, you got all of me you're gonna get
You might not know it but someday, this ole boy is gonna cross your mind
Don't you worry 'bout it babe, I won't be all that hard to find

Down in Tulsa, Texas, Tallahassee, Tennessee
Memphis, Mississippi, it's probably where I'm gonna be
Albuquerque, Alabama, St. Lou, Louisiana
If you wanna find me, you can find me in Tulsa, Texas

Albuquerque, Alabama, St. Lou, Louisiana
If you wanna find me, you only find me in Tulsa, Texas
