

## Saddest Song

Easyworld

Won't you look out to that horizon  
The ships almost sailed away  
They all disappear like promises we'll all be so different  
Oh but there's a day behind the darkness

They're drawing the bigger pictures  
They're drawing the friendly fire  
They're drawing upon a lifetime of ugly experience  
Don't you leave me at the last time of asking

There's nothing serious  
Enough for this for this  
There's nothing serious  
Enough for this

It's easy to count your blessing  
It's easy to soldier on  
It's easy to make the best of the bad situation  
It's easy for me to smile and say hold on

There's nothing serious  
Enough for this for this  
There's nothing serious  
Enough to lose tomorrow

I wish for a choir of angels  
I wish for a second chance  
I wish for an opportunity to have said something simple like do  
n't leave  
Or to catch you at the last time of asking

There's nothing serious  
Enough for this for this  
There is nothing serious  
Enough to lose tomorrow
