You Have Been Here

Baby don't cry for me Been here for a while And I believe it's alright to be Through the screen with a smile This business of killing me Will be here when I'm gone

When I'm gone So long You have been here When I'm gone So long You have been here

Don't try and explain to me How the truth wore you down And how the insecure strain to be In the best seats in town For a future so grey to me Guess I won't see you there

Do they know Don't you know That you have been here Don't you know Don't you know That you have been here

And I'm gone So long You have been here
