

The Point

eatmewhileimhot!

You can do whatever you want you're not stuck with me.
I'll tell you one thing, we make history, you and me.
You're getting closer now, it's getting better now.
But you're still so far gone.

And I am to the point where I don't even wanna know where you are
Or where you're going baby (oooh).
Same old story.
And I am to the point where I don't even wanna see your face anymore (anymore).

I don't wanna live with regrets.
Wonder why my life is a mess.
But all you want is more (more, more, more).
You're getting closer now, still getting better now.
But you're still so, but you're still so far gone.

I am to the point where I don't even wanna know where you are
Or where you're going baby (oooh).
Same old story.
And I am to the point where I don't even wanna see your face anymore (anymore).
You're so far gone.

But I'm moving on.

I, I never, I never felt so alive.
But now without you by my side.
I never, I never felt so alive.
I'm so glad I left you behind.

Watch your back (?)
On my entire town (yyyyyahh
