

## L.A. Is the Place

Eazy-E

I'm not a renegade but you wish I was  
Just cuz I like 2 hang wit da boyz n the hood

Live in LA always chill on the west coast  
A tilly mogul got it close just I mean to boast

I said whassup we'll who be ridin on you  
Nickname eazy-e and I'm down wit da crew

Come talkin that trash  
We'll burn your car  
He let the brun(k) (it's not the bronx?)  
It's LA  
But just as hard

Don't get me wrong I like to brag on the city I own  
Subway rtd don't ride it alone  
You might have silly thoughts that we're insane  
But the city I'm from let me explain

In LA there things you do not do  
First of all home-boy don't mess wit da crew  
You might have silly thoughts that we're too soft  
But don't play it sweet or get took off

One two, it's time to get 1

LA Cal I forn ia (3x)  
City of angels... hollywood  
We love it

I turned you on to the best females in the world  
I wish they all could be california girls  
Like the east where you girls where too many coats  
Bring your clothesie  
Runny noiseie  
With a sore throat

That the girls in the south I cannot bust  
Because the girls are fly and down with us  
In the valley not the alley  
In pina not valley  
Eazy-e that's me  
Always chip and fally

Hollywood's a bit of beef  
Where the scene is raw  
Oh yeah the strip is a trip on  
South crenshaw  
Don't get me wrong I like to brag on the city I own  
Boy you walk do what?  
Don't walk alone

Because  
In LA there things you do not do  
First of all home-boy don't mess with the crew  
You might have silly thoughts that we're too soft

But don't play it sweet or get took off

West coast style from LA

Yes I get's mine, it's got to be that way

It's sunny california that's where I be

If you forgot I chill with e

In the west I stand that's where you fall

Fell it where a punk goes snatching it all

Rhyme by rhyme record by e

In the city of l

With a devil like me

She's contaminated where the boys are hard

And people like me don't perpetrate the fraud

You wanna mess around

You better get wise

We'll find your but

And cut you down to size

Because

In LA there things you do not do

First of all home-boy don't mess with the crew

You might have silly thoughts that we're too soft

But don't play it sweet or get took off
