

## Cosmical Transformation

Ebony Tears

World keeps spinning round my head  
Vague rejections will transcend  
Truthful faith for the worlds inside  
This fairyland can't be denied

Embrace me in secrecy  
This world's for real not a dream  
Right in my hands the fairyland  
No truth can spoil my beliefs

Thoughts colliding against wonderwall  
Trough the silver haze I hear your call  
Truthful faith for the worlds inside  
This fairyland can't be denied

Embrace me in secrecy  
This world's for real not a dream  
Right in my hands the fairyland  
No truth can spoil my beliefs

Lost in fairyland  
Lost in wonderland
