

## Make Us Blind

Echo & the Bunnymen

Something got me thinking tonight about  
Changes  
Changes

Somebody bought me a ticket tonight  
Dangerous  
Dangerous

I've just gotta go...  
Where everything is what it could be now  
Where everything is ready for me now  
Everything and every time  
Everything and every kind  
Make me yours  
I'll make you mine  
Make us blind.

Someone asked me something tonight,  
what my name is, game is

Somebody made me feel something tonight  
Brainless, painless

I've just gotta know...
