Watchtower

Echo & the Bunnymen

Skin deep and sinking
You're fingerprints
Will stay with me
Always I'm thinking
Of how you left your dirt on me
On me

What was I thinking of To give you a part of me I can't get the stuff off Forever inside me

Say the word and I will come
Burning like the golden sun
Say your will
It will be done
Your star is shining
Out at everyone
Everyone

Can't stop believing Life's great untouchables Can't keep from dreaming Dreams turn to

How did it get to this I never saw it come How do I get to miss What I've never done?

Say the word and I will come Burning like the golden sun Say your will It will be done

Your star is shining Out at everyone Everyone

Skin deep and sinking
You're fingerprints
Will stay with me
Always I'm thinking
Of how you left your dirt on me
On me

What was I thinking of To give you a part of me I can't get the stuff off Forever inside me

Say the word and I will come Burning like the golden sun Say your will It will be done Your star is shining Out at everyone

Everyone

Say the word and I will come
Burning like the golden sun
Say your will
It will be done
Your star is shining
Out at everyone
