

I get it on
When I lay my fingers on
Let me drift away
Take me to a place I have known before
Let me hear the words you know I adore
Let me slip away to a world I know
When you sing
Oh oh oh oh take me
I am a slave to your charms
Turn it on
And I wanna celebrate
I can hear your song
Rushing through my veins, it surrounds me now
Touching me inside, I can ride the sound
When you sing
Oh oh oh oh take me
I am a slave to your charms
Turn it on
Can I lay my fingers on?
Soaking in the way you shine
Your rhythm slides around my mind
I've really got it now
Serenades that nearly split my senses
Oh so special
Turn it on
When you sing
Oh oh oh oh take me
I am a slave to your charms
Turn it on
And I wanna celebrate
Get it on
Get it on
Get it on
Get it on
