

# The World Is Flat

Echobelly

It is not too late to carry on  
So you've made mistakes, and here's another one  
Oh, but you deserve another chance  
Chasing 'round until you phase yourself

The world is flat and we're insane  
And we have fallen off again  
It really helps to know the way  
What if you take more than you deserve?  
(more than you deserve)  
What if you give all and you get nothing back?  
Sell your soul, nature's stereo  
Take your favorite songs and sail away

The world is flat and we're insane  
And we have fallen off again  
The world is round and we are mad  
And world opinion's where it's at  
Don't make this so  
Don't take the blow  
The world is flat and we're insane

I won't be sad, I won't be sorry  
I've no regrets and I don't worry  
I'll roll this sail and I won't let go  
I'd rather wait until tomorrow  
There are some who do, and some do not (there are some who don't)  
There are some who can't and we're the other ones  
Shave your face, let your body go  
Take your favorite songs and sail away

The world is flat and we're insane  
And we have fallen off again  
The world is round and we are mad  
And world opinion's where it's at  
Don't make this so  
Don't take the blow  
The world is flat and we're insane
