

# Coming Back To Life

Echoing Angels

I take a breath and I'm alive  
It feels like for the first time  
I have seen You through these eyes

Everything I used to be  
That lived inside of me  
Is gone for the last time

I remember everything I've done  
But You've forgiven each and everyone

Now I'm coming back to life  
I'm living inside  
All of my fears are far behind

And I'm coming back to life  
I found what I need  
And it's You, I know that it's You  
That brings me back to life

I've searched the world just for a sign  
Hoping I could find someone  
Who could change a heart like mine

I read the stories of Your life  
The miracles and signs  
You turned my water into wine

It's so much easier knowing You are hear  
And all the doubts at once seem to disappear

Now I'm coming back to life  
I'm living inside  
All of my fears are far behind

And I'm coming back to life  
I found what I need  
And it's You, I know it's You, yeah

My feet are dancing  
My heart is crying out for You  
So take my life, I'm giving it to You

I'm coming back to life  
I'm living inside  
All of my fears are far behind

And I'm coming back to life  
I found what I need  
God, it's You, I know that it's You, yeah  
That brings me back to life

You bring me back to life  
I'm coming back to life, oh yeah  
I'm coming back to life
