

Make It Better

Echoing Angels

Standing outside in the pouring rain
I can see my breath right in front of my face
I keep asking myself why, why
A love so deep, a love so strong
Can carry me when I can't go on
I keep asking myself why, why
But You, Your love's never changing
It always stays the same, even when I'm wrong
And I don't have to worry if You're gonna leave me
Everyday wake up, I can feel You near me
And I know that You can make it better
There's so many reasons why I keep believing
You don't have to show me, I don't have to see them
'Cause I know that You can make it better
You can make it better
Just like the ocean meets the shore
You keep me coming back for more
And every time You wash away my pain
Your love is riding on these waves
And now I'm drowning in Your grace
And I can tell that I will never be the same
Because You, Your love's never changing
It always stays the same, yeah, even when I'm wrong
And I don't have to worry if You're gonna leave me
Everyday wake up, I can feel You near me
And I know that You can make it better
There's so many reasons why I keep believing
You don't have to show me, I don't have to see them
'Cause I know that You can make it better
You can make it better
Make it better
You can make it better
Make it better
'Cause You, Your love's never changing
It always stays the same, yeah, even when I'm wrong
I don't have to worry if You're gonna leave me
Everyday wake up, I can feel You near me
And I know that You can make it better
There's so many reasons why I keep believing
You don't have to show me, I don't have to see them
'Cause I know that You can make it better
You can make it better
Make it better, You can make it better for me
You can make it better, make it better
You can make it better for me
