

# From The Gutter To The Throne

Echoterra

- Verse I

From The Gutter To The Throne  
All the dark places man has gone  
There's so much to learn  
In front of us

All the sadness we have known  
And the madness we have shown  
Can we escape the wheel  
We're stuck upon?

- Chorus

From beginning to end  
All the time that we've spent  
Chasing dreams  
As the veil ascends  
Will we cease to pretend that we're free?  
Led to all of the hate  
Countless fears  
As the darkness descends  
Will we ever transcend  
And find out what it means?

- Verse II

We're the ones that failed to grow  
Even though we've lived before  
In this land that has replenished us

One day soon will come a storm  
That will wash away all that's born  
All the will remain will be forsaken

- Pre Chorus

Take a look in the mirror  
Do you like what you see?  
Is your reflection getting clearer  
Is it what you like it to be?  
The books have all been written  
Now it's up to history  
Our final days are getting nearer  
It's time to rise up and be free?

- Chorus

- Bridge

There's a hand made of stone  
Holding down our ascent  
Truth be known  
We stand alone  
All alone

- Pre chorus

- Repeat Chorus
