

# Unleash The Flood

Echoterra

- Verse I

Serge down mighty storms  
Destroy the ones before!  
Spend eternity in torment  
Begin your descent

Fire breathed the life from the enemy  
Sisters in arms rise the new army  
Cleanse mother earth  
Of patriarch devastation  
Rise mountains a new reformation

- Chorus

Time waits for none  
You cannot run  
Gathering night rages on  
Sensing dark waves  
Riding the days  
Sea of flames ablaze  
War devout souls  
Written in scrolls  
Regaining control  
Mixing with mud  
Venomous blood;  
Unleash The Flood!

- Verse II

Your God was a toy  
Destroy all relics  
From their ashes rise the phoenix  
Heaven was here and will be again  
Immortal one  
We now reign

- Chorus

- Bridge

Disgraced the gift  
Life was so pure  
The greed and the plague  
Left only one cure

- Chorus
