Nothing...NOTHING! You say you're gonna kick it today Crawl out from all you're dirty wars And make your escape Today you're gonna face the rage The cage...the prison you're in Chorus: Hypocricy and lies, I am Terrified inside, I am Oh, I can feel nothing Dependent of my acts of sin Swimmin in this decadence Oh, I can feel nothing Oh you'll never let me escape I am your prisoner Something's gotta take me away I am a prisoner (Chorus) Can't take it for another day All the contradictions The indifference in me Today I'm gonna face the rage The cage...the prison I'm in (Chorus) I can feel nothing Nothing...nothing...NOTHING!
