

## Hollowman

Econoline Crush

maybe i'm phony, baby  
just like you  
maybe i'm lonely and you're something to do  
something to do  
maybe i'm broken and i can't be fixed  
misunderstood, misguided, misfit  
i'm it  
oh, is there no way out  
i am, i am, i am  
hollowman  
down again  
it's the end of the world  
all that we had  
everything good has now turned bad  
turned bad  
maybe it's tragic  
maybe it's shit  
bitter and twisted you make me feel sick  
you make me feel sick
