

# Feels

Ed Sheeran

Ba-da-boom, ba-da-bee  
Yeah, you knocked me right off of my feet

Baby, I got the feels, yeah  
Say that I'm out my mind, but it's somethin' real  
Somethin' real  
Ooh, I got the feels, yeah  
(Ba-da-boom, ba-da-bee  
Yeah, you knocked me right off of my feet)  
I've waited most my life for somethin' real  
Baby, I got the feels for ya  
Baby, I got the feels for ya

Drop it to the crowd, lean hand in the sky, babe  
No hand, no lend  
Gotta trust your crowd, got her laying in the cloud, babe  
(Baby, I got the feels)  
I don't know why you do this to me (Yeah)  
I try to tell them not to do it as loud  
I try to tell them not to buss it out the rap 'til we leave (Yeah)  
I was banging suicide for the rivers  
I done went and bought a car with a title (Oh)  
Tell the promoters have her on the rider (Oh)  
Knockin' boots backstage at the Wireless (Oh)  
She contagious like poison ivy

Baby, I got the feels, yeah  
Say that I'm out my mind, but it's somethin' real  
Somethin' real  
Ooh, I got the feels, yeah  
(Ba-da-boom, ba-da-bee  
Yeah, you knocked me right off of my feet)  
I waited most my life for somethin' real  
Baby, I got the feels for ya  
Baby, I got the feels for ya

Used to be Playboy heartbreaker  
But for you, I'd travel a thousand acres (For you)  
When we met, I told her I play for Lakers (Alright)  
One day, we'll get married in Las Vegas (Nah)  
I'm good for your health, this can't be a sin (Alright)  
This love give you protein and vitamins (Yeah)  
See you wigglin', jigglin' (Mmm)  
If I have a bite, will it taste like cinnamon? (One)  
This is one in a million  
So I never ever treat you like Billie Jean  
Ain't nothin' like anything I have already seen  
You give me this feeling, if you know what I mean

Baby, I got the feels, yeah  
(Ba-da-boom, ba-da-bee  
Yeah, you knocked me right off of my feet)  
Feels, yeah  
Baby, I got the feels, yeah  
I've waited most my life for somethin' real  
Baby, I got the feels for ya
