

# Put It All on Me

Ed Sheeran

Ooh, I can't wait to get home  
I don't know why, but I'm feelin' low  
Happened again and I want you to know  
Having my woman there is good for my soul

I try to be strong, well, I got demons  
So can I lean on you? I need a  
Strong heart and a soft touch  
And you're the one when I want love

It's you and only you who can be takin' away  
The shit that I go through each and every day  
When I'm alone with you, you make it better again, yeah  
Your arms are where I wanna remain  
Catch my eye, and she starts to say

Hey, baby, we can dance slowly  
My darlin', I'll be all you need, you need  
I know it hasn't been your day or week, or week, or week  
So put it all on me  
Oh, my darlin', put your worries on me  
Can't judge you 'cause I feel the same thing  
And I'm here for whenever you need, you need, you need  
To put it all on me

Love, on me, o-o-on me  
Hey baby, we can dance slowly  
Love, on me, o-o-on me  
Put your, put your, put your worries on me  
Love, on me, o-o-on me  
Hey baby, we can dance slowly  
And I'm here for whenever you need  
To put it all on me

Ooh, you're there for me when I  
Need you to be, 'cause I  
Find it hard to say the words  
But some shit don't need an explanation, baby

I try to be strong, but I got demons  
So can I lean on you? I need a  
Strong heart and a soft touch  
And you're the one when I want love

It's you and only you that can be takin' away  
The shit that I go through each and every day  
Baby, I can't wait, in love with all your ways  
Your arms are where I wanna remain  
Grab my waist when I start to say, now

Hey, baby, we can dance slowly (Hey)  
My, darlin', I'll be all you need, you need (Oh)  
I know it hasn't been your day or week, or week, or week  
So put it all on me  
Oh, my darlin', put your worries on me  
Can't judge you 'cause I feel the same thing  
And I'm here for whenever you need, you need, you need

To put it all on me (Babe)

Love, on me, o-o-on me (On me)

Hey baby, we can dance slowly (Slow)

Love, on me, o-o-on me

Put your, put your, put your worries on me

Love, on me, o-o-on me (On me)

Hey, baby, we can dance slowly

And I'm here for whatever you need (Need)

So put it all on me

I try to be strong, but I got demons

So can I lean on you? I need a

Strong heart and a soft touch

And you're the one when I want love
