

# She

Ed Sheeran

I paid all my dues  
And she wanted to know  
That I'd never leave her  
Now I'm ready to go  
And strange as it seems  
She's endless to me  
She's just like paperwork  
But harder to read

Patience, my enemy  
And loving's my friend  
It's harder to leave  
With my heart on my sleeve  
Than to stay and just pretend  
Oh, she knows me so well  
Oh, she knows me like I know myself

I made all my plans  
And she has made hers  
She kept me in mind  
But I wasn't sure  
I searched every room  
For a way to escape  
But every time  
I tried to leave  
She keeps holding on to me  
For dear life  
And blocking my way

Patience, my enemy  
And loving's my friend  
It's harder to leave  
With my heart on my sleeve  
Than to stay and just pretend  
Oh, she knows me so well  
Oh, she knows me like I know myself

And like the back of her hand  
She already understands everything  
Won't you stay?  
She says  
And she already knows how it goes  
And where she stands  
I'll stay, anyway  
Cos she knows me so well  
Oh, she knows me like I know myself  
Oh, she knows me so well  
Oh, she knows me like I know myself
