Ed Sheeran

I found your hair band on my bedroom floor The only evidence that you've been here before And I don't get waves of missing you anymore They're more like tsunami tides in my eyes Never getting dry, so I get high, smoke away the days never sleep wit h the light on Weeks pass in the blink of an eye and I'm still drunk at the end of t he night I don't drink like everybody else I do it to forget things about myse lf Stumble and fall with the head spin I got, my mind's with you but my heart's just not So am I close to you anymore if it's over? And there's no chance that we'll work it out That's why you and I ended over U N I And I said that's fine but you're the only one that knows I lied You and I ended over U N I And I said that's fine but you're the only one that knows I lied Everybody said we'd be together forever but I know that I never wanna settle down, come around, break up the love like Lego n ΟW Never wanna turn into another like you Sleep with my thoughts and I dance with my views Everything's great, not everything's sure but you live in your halls and I live in a tour bus Now I'm in position to be another stalker like everything I say seems to all sound awkward Like our last kiss it was perfect but we were nervous on the surface And I'm always saying everyday that it was worth it, pain is only rel evant if it still hurts I forget like an elephant or we can use a sedative and go back to the day we fell in love on first kiss So am I close to you anymore if it's over? And there's no chance that we'll work it out You and I ended over U N I And I said that's fine but you're the only one that knows I lied You and I ended over U N I And I said that's fine but you're the only one that knows I lied Because if I was gonna go somewhere, I'd be there by now And maybe I can let myself down And I'm thinking I'm unaware, I keep my feet on the ground And keep looking around to make sure I'm not the only one to feel low Because if you want, I'll take you in my arms and keep you sheltered From all that I've done wrong And I know you'll say that I'm the only one But I know God made another one of me to love you better than I ever

'Cos you and I ended over U N I And I said that's fine but you're the only one that knows I lied You and I ended over U N I And I said that's fine but you're the only one that knows I lied
