

# Nobody Lives Without Love

Eddi Reader

Seems like I've gone off the side of a mountain  
couldn't be sure I was even alive  
fallen from the icy heights  
landed with a broken cry  
in this valley of shadow  
sorrow and sighs  
can you save me baby?

Nobody lives without love  
nobody gets to give up  
you can try to lock your heart away  
the love will come back for you some day  
nobody lives without love

Thought I could live my life as a stranger  
hide from the heartbreak of love always brings  
make it to the higher ground  
try to turn the volume down  
couldn't stop the sirens from singing  
sing for me baby

Nobody lives without love  
nobody gets to give up  
you can try to lock your heart away  
the love will come back for you some day  
nobody lives without love

You came along like a flash of your lightning  
crashed into my life like a runaway star  
feels like I'm falling in gravity's action  
I'm standing here offering a stranger my heart

You can even lock your heart away  
the love will come back for it some day  
nobody lives without love  
(nobody lives without love)  
(nobody lives without love)  
(nobody lives without love)  
since I got blown off the side of the mountain  
(nobody lives without love)  
couldn't be sure if I was even alive  
(nobody lives without love)  
thought I could live my life as a stranger  
hide from the heartbreak of love...  
(nobody lives without love)
