

A Healer Like Time

Eddie Cochran

My heart was a playground where you played about
When you got through playin' you just walked out
I thought when you left me, that I'd lose my mind
But now I've forgotten with a healer like time
They said I'd forget you, I thought they were wrong
I thought for a lifetime, my love would be strong
But now I've forgotten and you're out of my mind
Oh I'm so thankful for a healer like time

I used to remember the dreams that we knew
When your life was my life, your thoughts were mine too
But since we have parted, I've forgotten by far
Oh I'm so thankful for a healer like time
