

Ah Pretty Girl

Eddie Cochran

(Ah, pretty girl - ah, pretty girl)
Just you and me, pretty girl
No one's gonna see, pretty girl
Well I feel so good when you hold me tight
So let's make love till the broad daylight
'Cause I love you, mmm, pretty girl
Don't you be so tame, pretty girl
You drive me insane, pretty girl
Everytime your lips meet mine
A funny chill runs up my spine
'Cause I love you, mmm, pretty girl
Come on let me hold you, let me squeeze you tight
Let my arms unfold you, you're mine tonight
Just you and me, pretty girl
No one's gonna see, pretty girl
Well I feel so good when you hold me tight
So let's make love till the broad daylight
'Cause I love you, men, pretty girl
