

## Always Late

Eddie Cochran

Always late with your kisses  
Won't you come to my arms sweet darling and stay  
Always late with your kisses  
Why-why-why do you want to do me this way (do me this way)  
How long do you think I can wait  
When you know you're always late (always late)  
Always late with your kisses  
Why-why-why do you want to do me this way
