

Heart Of A Fool

Eddie Cochran

Hey there baby with the long hair, I know you played it cool
You play the game of broken hearts, with the heart of a fool
'Cause I believed you, yes I believed you
You let me love you with the heart of a fool
I never was a scholar, was never good at school
I learned to love the hard way, with the heart of a fool
'Cause I believed you, yes I believed you
You let me love you with a heart of a fool

You know you should have warned me, I didn't know the rules
Now I'm just a lonesome traveller, with a heart of a fool
'Cause I believed you, yes I believed you
You let me love you with the heart of a fool
Too many times I loved you, too soon you said goodbye
Too late I learned my lesson, now, too many times I cried
'Cause I believed you, yes I believed you
You let me love you with the heart of a fool
