I Remember

Eddie Cochran

```
I keep thinkin', hopin' and prayin'
That you will remember and come back to me
When you remember the happiness of our past
Do you think this heartache will last
Remember, oh yes
If love's a game, for you can't win
Remember, I lost, losing you
If you find, in time, your love is mine
Come back, I'll be waiting for you
I keep thinkin', hopin' and prayin'
That you will remember and come back to me
```
