

Latch On

Eddie Cochran

Well it's one, two, dig this clue
Rock like crazy and follow through
Latch on, a-latch on
Latch on baby, you are really gone
Well it's three, four, here's the score
Jive with me baby like ya never before
Latch on, latch on baby-baby
Latch on, latch on baby-baby
Latch on baby, you are really gone
Well it's five, six, get your kicks
Jump like a monkey with a barrell of tricks

Well it's seven, eight, make it a date
Take off cat like a rocket-eight

Well it's nine, ten, now and then
Take a little break and cool it again
