

# Love Again

Eddie Cochran

I'll never love again, love again, love again, oh-oh-oh-oh  
I'll never love again, love again, love again, oh-oh-oh-oh  
I'll never won't you listen to my plea  
Come back, back to me  
My darling, dearest one, I'm in misery  
You went away and left me, didn't even say goodbye  
Left me so lonesome, I wish I could die  
I was a fool, I fell in love with you, mmm, with you  
How was I to know your love wasn't true, not true  
Love again, love again, love again, oh-oh-oh-oh  
I'll never love again, love again, love again, oh-oh-oh-oh  
I'll never love again, love again, love again, oh-oh-oh-oh  
I'll never love again
