

Milkcow Blues

Eddie Cochran

Well I woke up this morning, looked out the door
I could tell that was my milkcow, by the way that she
lowed
So if you see my milkcow, please send her home
Well I ain't had no milk and butter
Ooh, since my cow's been gone

Tried everything baby, to get along with you
Now I'm gonna tell you what I'm gonna do
Gonna stop my cryin', leave you alone
If you don't think I'm leavin'
You just count the days I'm gone
'Cause you' re gonna need me
Need your lovin' daddy one of these days
Yeah, and you gonna be oh-so-sorry you treated me this
way
