

My Blind Date

Eddie Cochran

Blind date, blind date
Tonight's the night I've waited for
I'm all dressed up and I shined my car
I'm all ready, I can't hardly wait
For my blind date
Blind date, blind date, uh-huh
What should I do, what should I say
I hope she likes me well, anyway
I'm all ready, I can't hardly wait
For my blind date

My friends say she's a looker
I'm reeling inside
I got a feelin' I'm gonna be stealin'
Kisses from my blind date tonight
Blind date, blind date, uh-huh
She's a teenage doll, so I've heard said
Lucky me, I hope I don't lose my head
I'm all ready, I can't hardly wait
For my blind date

My friends say she's a looker
I'm reeling inside
I got a feelin' I'm gonna be stealin'
Kisses from my blind date tonight
Blind date, blind date, uh-huh
She's a teenage doll, so I've heard said
Lucky me, I hope I don't lose my head
I'm all ready, I can't hardly wait
For my blind date
Blind date, blind date!
