

Quick Like

Eddie Cochran

Come here pretty baby, yeah you, quick like, quick like
Gotta hold you near me, yeah quick like, quick like
Hop-hop, hurry up gal, yeah quick like, yeah
From the moment that I saw you, you were spinnin' in my brain
Now you got me boilin' over, won't you ease my pain
Come here pretty baby, quick like, quick like
Gotta hold you near me, quick like, quick like
Hop-hop, hurry up, quick like, quick like

I can hardly keep together, you surprise me to the end
Won't you move a little faster, like a real cool frail
Come here pretty baby, quick like, quick like
Gotta hold you near me, quick like, quick like
Hop-hop, hurry up, quick like, quick like

You don't know the way you quake to the most upper tree
If you dig, you move on quick like, start to dig my dream
Come here pretty baby, quick like, quick like
Gotta hold you near me, quick like, quick like
Hop-hop, hurry up, quick like, quick like
