# Rock 'n' Roll Blues

**Eddie Cochran**

Oh, dancin' all night, so I have my play
But how can I work when I sleep all day
I got those rock 'n' roll blues, those rock 'n' roll
blues
I dig way down deep in my ol' blue jeans
To put my last dime in that record machine
I got those rock 'n' roll blues, those rock 'n' roll
blues
I have the blues to fight
And to make things worse I fell in love last night
The little girl I found
Said to stop my hoppin' and settle down
Oh why can't there be two of poor o1' me
One on the dancefloor and one hangin' 'round the door
I got those rock 'n' roll blues, those rock 'n' roll
blues
