

See Them Laugh

Eddie Cochran

See them laugh
Watch them stare (watch them stare)
They always do when I'm with you
See, they say our love will never hold
That you're too young and I'm too old
And just the same. I don't feel blue
'Cause I have you (I-I-I have you)
See them laugh
Why won't they (why won't they)
Give us a chance for our romance
See, although our age is not the same
I love you so, I can't explain
'Cause it don't matter what they say or do
(I-I-I do) See
