

Take My Hand

Eddie Cochran

Oh-oh, take my hand and walk with me
Oh-oh, I'm so lonely that I don't know what to do
Won't someone take my hand and walk with me
Oh-oh, at night I sleep and in my sleep I weep
For someone to take my hand and walk with me
I know that I will someday find a love
And when I do I will thank the Lord up above
I'm so lonely that I don't know what to do
Won't someone take my hand and walk with me
Take my hand and walk with me
