

Boardwalk baby

Eddie Money

An endless kiss in the moonlit mist
Our blanket on the sand
Ooh, you held my hand

Remember, a radio was playing soft and low
And we would sing along
And time went on forever

We were two shadows swaying slowly
Felt like the stars shined for us only
On a summer night, you held me tight
You stole my heart away

You were my boardwalk baby
You used to drive me crazy
All of those nights, all of those nights
When you were mine

We stole the night together
We made it last forever
You'll always be, you'll always be
My boardwalk baby

Tender nights far from the city lights
Oh, I can still remember
Oh, that sweet surrender when we kissed

The gentle breeze whispered to you and me
This love would last forever
Yeah, we'd stay together just like this

The sound of the waves like distant thunder
The moon cast its spell and took us under
On a summer night I held you tight
I stole your heart away

You were my boardwalk baby
You used to drive me crazy
All of those nights, all of those nights
When you were mine

We stole the night together
We made it last forever
You'd always be, you'd always be
My boardwalk baby
My boardwalk baby

Remember the time when time passed so slow?
Remember the time I held you so close?
Oh, I'd give anything, anything to hold you now
Would you come out tonight?

Kiss me by the boardwalk, baby
Come on and drive me crazy
All through the night, like all those nights
When you were mine

We'll steal one night together
We'll make it last forever
You'll always be, you'll always be
My boardwalk baby

Ooh-ooh
(Shoo-bop, shoo-bop, my baby)
Ooh-ooh
(Shoo-bop, shoo-bop, my baby)

My-my-my-my-my
My boardwalk baby

Ooh-ooh
(Shoo-bop, shoo-bop, my baby)
Ooh-ooh
(Shoo-bop, shoo-bop, my baby)

My-my-my-my-my
My boardwalk baby

You are my boardwalk baby
(Shoo-bop, shoo-bop, my baby)
You used to drive me, drive me crazy

My-my-my-my-my
My boardwalk baby
