

Call On Me

Eddie Money

When you're tired and feeling weak
And you're body cries out for more
Well, call on me 'cause I never sleep.

I still got the key here in my pocket
To your front door, to your front door, baby
Well, call on me. Well, call on me, yeah.
Well, call on me baby because I, I never sleep.

I've had women, yes I have.
I've had ladies, and I've had,
Had little girls with nails like lace.
Had nails just like lace digging in, digging in.
And somehow feeling good.

Anyway, anytime, any place.
Oh girl, well, call on me.
Well, call on me, yeah.
Well, call on me, baby.
You know I, I never sleep.

When you're tired now, you think you're tired.
And feeling so weak.
And your body, talkin' about your body,
Cries out for more, cries out for more.

Baby, well, call on me.
Well, call on me, yeah.
Yes, and when you need a little lovin'.
Because I, I never sleep.
Yeah, call on me.
Call on me, baby.
