

Got To Get Another Girl

Eddie Money

I give her everything, I buy her diamond rings

I give her everything, I buy her diamond rings
But she just begs for more, 'cause I'm a candy store
I rock both day and night, I'm a rock 'n' roller, woo!
But with this girl I got, I can't control her

Gotten me to pass the tin in the Bank o' England, oh
I've got to, got to get another girl, got to, got to get another girl
I've got to, got to get another girl
I've got to, I've really got to get another girl

Right now!

I give her everything now, I buy her diamond rings
But she just begs for more, I'm a candy store
I rock both day and night, I'm a rock and roller
But with this girl I got, now, I can't control her, ahh

Gotten me to pass the tin in the Bank o' England, oh
I've got to, got to get another girl
I've got to, got to get another girl
I've got to, got to get another girl
