

Let's Be Lovers Again

Eddie Money

Let's take a day
Let's slip away
Yeah, we'll laugh and play
And both pretend that we're lovers again

Do you remember when
I kissed you with the wind?
Yeah, we had our secrets then
I never told no one, so let's be lovers again

Please find some time to spend
With a long-lost friend
And we'll be, yeah, we'll be lovers again

I find it so hard, now
To live without you
I, I know that you want her
And you don't need me

I hear your girlfriends when they talk about you now
But I, I gotta talk to you again myself
So I can see, yeah, baby

If there's some time to spend
With a long-lost friend
And we'll be, yeah, we'll be lovers again

I see you now and then
I wonder how you been
But I don't want to hurt you
And I don't want to know him
Let's be lovers again

Let's find some time to spend
With a long-lost friend
And we'll be, yeah, we'll be lovers again

Please find some time to spend
With me, baby - I'm still your friend
And we'll be, yeah, we'll be lovers again

We'll be lovers
We'll be lovers again
We're gonna be lovers

Won't you stop the hands of time?
Tell me that you're mine
Come on back to me
Can't you see I need you?

We'll be lovers
We'll be lovers
We'll be lovers again
Again
Again
