

# Gone Too Far

Eddie Rabbitt

I was heading home I hadn't planned on you  
I shouldn't be here now, but tell me, what can I do?  
The way you're looking in my eyes  
Well, I'm beginning to realize it's true  
It's you  
And baby we've

Gone too far, I'm gonna wake up in your arms  
Gone too far, but I can't help it, I'm fallin'

The way you look at me, the way I look at you  
The way you're touching me, the way I'm touching you  
You're pullin' all the right strings, baby  
You're sayin' all the right things, baby, to me  
To me  
And I believe we've

Gone too far, feels too good to turn back now  
Gone too far, but I can't help it, I'm fallin'

You're pullin' all the right strings baby  
You're sayin' all the right things, baby, to me  
To me  
And don't you know we've

Gone too far, I'm gonna wake up in your arms  
Gone too far, but I can't help it, I'm fallin'

Gone too far, feels too good to turn back now  
Gone too far, but I can't help it, I'm fallin'
