

I Can't Get This Ring Off My Finger

Eddie Rabbitt

I just came in here for a quick one
And you're a lovely lady, there's no denying that
And your invitation sounds inviting
There's only one little thing that's holding me back

I can't get this ring off my finger
And I just couldn't with it looking back at me
'Cause that's true love wrapped around my finger
So I better just drink up and leave

Sure, I think you're a doll, lonely waiting
And I'm sure that loving you would be sweet
And thanks for the compliment you're under
But this little band's become a part of me

And I can't get this ring off my finger
And I just couldn't with it looking back at me
'Cause that's true love wrapped around my finger
So I better just drink up and leave
Yes, I better just drink up and leave
