

# Just The Way It Is

Eddie Rabbitt

I don't know who put us together  
But girl, I love you  
You're part of my life  
You may look at someone  
I may look, too  
It won't change the fact  
That it's always me and you

That's just the way it is  
And nothing in the world can change it  
That's just the way it is  
I'll always be in love with you  
You'll be in love with me  
It's out of our hands  
It's just the way it's meant to be  
That's just the way it is

I know we've had our troubles  
Some days we just can't take each other  
But you and I, we go so much deeper  
No matter what  
We'll always be together

That's just the way it is  
And nothing in the world can change it  
Right to the end  
That's just the way it is  
I'll always be in love with you  
You'll be in love with me  
It's out of our hands  
It's just the way it's meant to be  
That's just the way it is

That's just the way it is  
And nothing in the world can change it  
Ever again  
That's just the way it is  
I'll always be in love with you  
You'll be in love with me  
It's out of our hands  
It's just the way it's meant to be  
That's just the way it is  
That's just the way it is  
That's just the way it is  
That's just the way it is

That's just the way it is  
That's just the way it is  
That's just the way it is  
That's just the way it is
