

## Rockin' With My Baby

Eddie Rabbitt

Rockin' with my baby  
Rockin' on a Saturday night  
Close as we can be now  
Everything is feelin' just right

Curled up on the sofa  
And the lights are down low  
There's a fire in the place  
A love song on the radio  
I'm rockin' with my baby  
Rockin' in her love tonight

Rockin' with my baby  
Rockin' on a Saturday night  
Close as we can be now  
Everything is feelin' just right

We won't answer the door or the telephone  
To the rest of the world, nobody's home  
I'm rockin' with my baby  
Rockin' in her love tonight

Curled up on the sofa  
And the lights are down low  
There's a fire in the place  
A love song on the radio  
I'm rockin' with my baby  
Rockin' in her love tonight  
Oh yes, I'm rockin' with my baby  
Rockin' in her love tonight
