

# The Best Year Of My Life

Eddie Rabbitt

We'll go down in history  
Me lovin' you  
You lovin' me, yeah

There's something about  
The way you kiss  
It's in the stars, baby  
We can't miss, no

Before you came along  
My heart was down  
Then you walked right in  
And turned my world around

The best year of my life  
Is the year that just went by  
Since I met you

The best year of my life  
Is the year that you made  
All my dreams come true  
And you'll always be the one  
And every year to come  
Will be the best year of my life

Baby, since you came along  
My life's turned into a song, yeah  
And in your misty eyes I see  
Way beyond eternity, yeah

Your special kind of lovin' never fades  
It just keeps on growin'  
Stronger every day

The best year of my life  
Is the year that just went by  
Since I met you

The best year of my life  
Is the year that you made  
All my dreams come true  
And you'll always be the one  
And every year to come  
Will be the best year of my life

The best year of my life  
Is the year that just went by  
Since I met you

The best year of my life  
Is the year that you made  
All my dreams come true  
And you'll always be the one  
And every year to come  
Will be the best year of my life
